

To the School of Medicine Family:

Earlier this month, over 140 individuals participated in strategic dialogue sessions on the future of the School of Medicine. We are grateful to all who came and contributed their perspectives. Thank you!

As this process unfolds, we again invite you to participate in another round of community dialogue. We will sponsor five additional sessions in which you will have an opportunity to provide your perspective on the draft vision and talk about the future of the School of Medicine. As before, all stakeholders in our SOM community are invited. This process provides a unique opportunity to anyone affiliated with the School of Medicine to contribute to our future.

Request

Please attend one of the two-hour dialogue sessions listed below. Please RSVP before Sept. 21 via the following

After you RSVP, you will receive additional information 3-5 days prior to your session about how to prepare for your session.

Background

We are using a participatory process to gather and include insights about the strategic direction of the school. This input will be used to refine the vision for our school, deepen our sense of purpose in alignment with our mission, and establish strategic goals and objectives that meet the needs of our stakeholders.

If you have any questions, please contact: Robert Reaves at rtreaves@med.wayne.edu
