Thomas (23) and
Nicholas (21)

HOBBIES

Spending time with family and friends; checking out brew pubs with my hubby; decorating (seasonal); playing drums; traveling (beach and mountains); catching up with my former students (church small group leader for middle/high school for past 10 years).

COMMENTS

Although I enjoyed my private, family practice for almost 10 years, I was happy to leave medicine and be a stay at home mom/homeschool teacher for my sons during their tween/teen years. I returned to medicine 6 years ago (they get expensive when they start driving and going to college) and jumped into the field of Hospice and Palliative Medicine where I know I have found my 'calling'. Not only do I love rounding on patients in the hospice house, but it has become a ministry to help them and their families in their greatest time of need.

Cooking, dad jokes, spending time with kids and wife

COMMENTS

Always thought I'd end up back in the midwest after residency but met and married a Tar Heel so remain in NC. Focused on clinical ID and hospital epidemiology. After I left academic medicine for private practice was not involved in research until 2020, but have been actively involved in enrolling patients in NIH COVID-19 studies.

HOBBIES

Professional: Teaching/educating/
mentoring, women in leadership, wellness
Personal: Anything to do with my children
and husband, boating, living in the south.
Frankly, I'm a workaholic, so my hobby is
medicine!

COMMENTS

I can't believe we graduated 25 years ago.
I cannot wait to read all of the amazing
things my friends and colleagues have
done throughout these years. I know that
we have worked hard, touched so many
lives, and have so much more to give.
Congrats to the Class of '96!

CHILDREN

Douglas III (2003)
Wave (2005)

HOBBIES

Community involvement in non motorized transportation development (TART Trails Board), Board Member Addiction Treatment Services. Supporting my teens activities. Discussing regional and urban planning with my grad student wife. Winter Nordic skiing/ racing and summer triathalete. Avid Mountain, Road and commuter cyclist. Camping when I can and getting my Labradors out daily on hikes. Ushering my father through his dementia care. Exploring the Upper Peninsula. Keeping in touch with friends/travel. Pandemic house project turned me into part time carpenter, electrician, drywall finisher and new tool shopper.

COMMENTS

After residency at UW Madison in Family Medicine I spent 2002-2018 in private outpatient practice that for a few years included obstetrics and inpatient. Outpatient only for few years then transitioned to full time Hospitalist (adult medicine only) in 2018 after challenges of outpatient practice administration became less enjoyable. My in depth and broad training at Wayne State prepared me well for a diverse career and I work in Northern Michigan with many great Wayne Grads from our year and many other classes. Looking forward to seeing everyone!
