COMMENTS

I was blessed to attain a medical education from Wayne State while rubbing elbows with so many bright and dedicated future physicians. I unfortunately realized I wasn't one of them!

I cherish the experience, my classmates, and the WSU professors. I look back with fondness even though my life path was altered a year after earning the M.D. I am proud to see my former classmates in successful practices of their own as I know first-hand how hard they worked to get there.

I am forever thankful to the Wayne State University School of Medicine for giving me the opportunity to attend.

I only regret that I didn't make more of that opportunity to give back to the community as a physician.
