■ OTHER COMMENTS

I cherish my time at WSUSOM. I have developed life long friends and wouldn't change it for any other medical school. We were very lucky to have had the clinical access that we did in the 1990's. It paved the foundation for more good-fortune than I could have ever dreamed of.

I am blessed and grateful for my family and life! I have Neuroendocrine Tumor, diagnosed in 2019. I am very active in fundraising and increasing awareness for this rare form of cancer. I fundraise for the Neuroendocrine Tumor Research Foundation. I feel lucky to have a great team of doctors and incredible family support.
