P4-1 FACILITATOR OPPORTUNITY**

WHAT IS P4?

P4 is a longitudinal 1st & 2nd year medical student course in social and behavioral health and health system science designed to guide students to: provide patient-centered and culturally responsive care, to become effective team members, to learn evidence based theories that reduce healthcare disparities, and to recognize their own professional development

COURSE OBJECTIVES

- Identify health disparities for underserved, marginalized and minority populations.
- Examine the patient, community, physician, health system and policy level factors contributing to these disparities.
- Reflect on internal beliefs, biases and values as they inform professional identity formation.

BENEFITS

1. Official Volunteer Faculty Appointment
2. Up to 40 CME Hours (letter provided)
3. Free Access to WSU Libraries including UpToDate
4. WSU One Card that offers discounts to over 100 local vendors
